Farrier & Blacksmith Student Offer 2009

Please note:

1. Payment is to be made with your order please. This can be by cheque payable to "Vaughans (Hope Works)" or by debit card or by Visa or Mastercard credit card.
2. Delivery is extra - the cost of delivery is based on weight - orders weighing less than 25 kilos (it is unlikely that your order will weigh more than this) will cost an extra £17.00 including VAT.
3. If we are delivering your order to an address where there is not likely to be anyone during the daytime, you will need to give us the authorisation to ask our transport company to leave your order at the address "without a signature" and this is at your risk.
4. Alternatively we can deliver your order to the college that you will be going to.
5. If items on your order are out of stock please allow 3-4 weeks for delivery. We always do our best to get your order to college for when you need to use them.
